

Humane Society of Calloway County

Feral Cat Trap-Neuter-Release Questionnaire

Date _____

Person completing the questionnaire:

Name _____

Address _____

Phone _____ E-Mail _____

1. Are the cats unowned, homeless, abandoned or feral (wild)? _____
2. Do you understand that all healthy cats will be returned to you once they have been neutered and vaccinated? _____
3. Is there a caretaker who can take full responsibility for the cats and who will provide year-round food, fresh water, and shelter? _____
4. Will this caretaker be able to take care of the colony for a long period of time?

5. Will the caretaker help us trap and transport the cats? _____
6. Will the caretaker agree to trap and neuter any new cats who join the colony? _____
(We will assist in this.)
7. Can the caretaker assist in paying for the neutering? _____
8. If not, can the caretaker contribute by volunteering for the Humane Society? _____
9. Will we have permission from the owner of the property where the cats reside to trap and return the cats? _____
10. How many cats are in the colony? _____
11. If there are three or fewer cats, we can help trap them right away. Colonies with larger numbers of cats will be placed on a waiting list. However, if the caretaker can financially cover the cost of altering and vaccinating the cats, we will assist in trapping and transporting the cats immediately.
